

THANK YOU, School Nurses!

The Ripple Effect

School nurses have a great impact on the entire community.

Through prevention & treatment, a school nurse:

STUDENTS

Addresses unmet health needs.

Improves student attendance & academic performance.

SCHOOLS & STAFF

Helps keep schools open for in-person learning during public health challenges.

Saves principals & school staff time.

Saves schools money by improving student outcomes, attendance & on-time grade progression.

FAMILIES & COMMUNITIES

Saves parents & communities money.

Helps prevent parents from missing work to care for sick children.

Connects families with healthcare services & resources.
