School Plan

- concisely written conduct and discipline code that
- School district must take reasonable measures to
- Local board of education shall annually compile
- Reports must include the number of conduct and

must be enforced uniformly, fairly, and consistently for all students

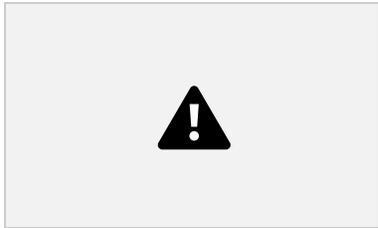

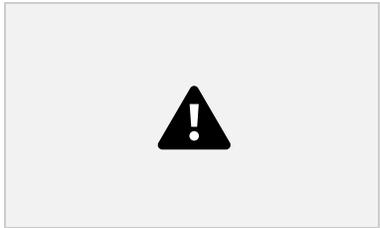

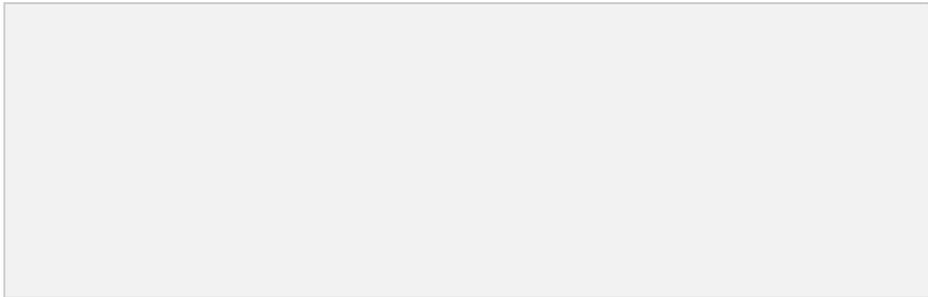

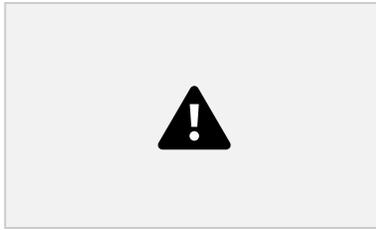

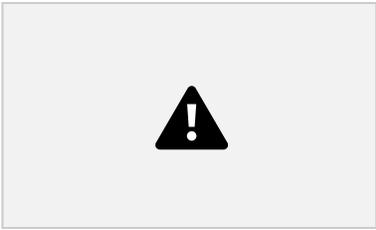

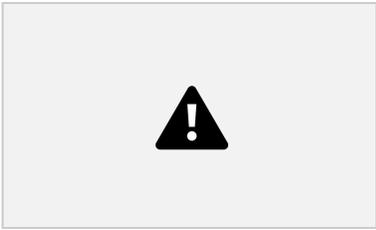

ensure that each student of each student is familiar with the code

Some similar, some different categories for data reporting required by 22-32-109.1(2)(b)(IV)...

- Possession of a dangerous weapon connected to school
- Use or possession of alcohol connected to school
- Use, possession or sale of a drug or controlled substance (other than marijuana) connected to school

- Commission of an act connected to school that, if committed by an adult, would be considered first degree assault, as described in section 18-3-202, C.R.S., second degree assault, as described in section 18-3-203, C.R.S., or vehicular assault, as described in section 18-3-205, C.R.S.;

creates a threat of physical or emotional harm to the student or to other students; (More on this in a later slide.) • Bullying (the only one of the list that doesn't have the connected to school language)

- Willful destruction or defacement of school property

- Commission of an act connected to school that, if committed by an adult, would be considered third degree assault, as described in section 18-3-204, C.R.S., or disorderly conduct, as described in section 18-9-106(1)(d), C.R.S., but not disorderly conduct involving firearms or other deadly weapons, as described in section 18-9-106(1)(e) and (1)(f), C.R.S.;

- Commission of an act connected to school that, if committed by an adult, would be considered robbery; and • Other violations of Code of Conduct that resulted in documentation of the conduct in a student's record

district- and state-level.

- ~~§ 22-32-109.1(2)(b.5)~~
- (b.5) In addition to the items specified in subsection (2)(b) of this section, each school district board of education or institute charter school board for a charter school authorized by the charter school institute shall annually review and submit data to the department of education concerning the number and types of disciplinary incidents and the disciplinary actions taken in response to such incidents. The department of education shall collect the data described in subsection (2)(b)(IV) of this section at the

individual student level and report disaggregated student data on the type of disciplinary incidents and action taken. Such student data must be disaggregated by gender, grade level, race, ethnicity, disability, whether the student has federal section 504 accommodations or an individualized education plan, English language learner status, free and reduced-price lunch status, and homeless status, to the maximum extent possible in compliance with the “Colorado Privacy Act”, established pursuant to part 13 of article 1 of title 6, the federal “Family Educational Rights and Privacy Act of 1974”, 20 U.S.C. sec. 1232g, and the “Student Data Transparency and Security Act”, created in article 16 of this title 22. The department of education shall not publicly report individual student data for any purpose, shall include the application of data suppression policies to avoid the re-identification of any individual in any public reports, and shall ensure compliance with standards for reporting data for a

student with a federal section 504 accommodation or an individualized education plan.

Search and Restraint Laws

~~If based on a "tip" — and particularly an anonymous tip — it can't be too stale.~~

When can a student be searched?

When school officials have a reasonable suspicion of a policy violation or a law violation. Or if the student consents to be searched.

Only in places that could reasonably contain what you expect to find.

Can't be excessively intrusive considering the age and sex of the student and the nature of the infraction.

Physical contact or intervention that does not qualify as a restraint could include minimal physical contact or brief holding (under 1 minute) for the purposes of:

- Comforting or calming a student;
- Assisting the student in completing a task;
- Escorting a student from one area to another

(often called an escort hold);

- Quelling a disturbance threatening physical injury to the student or others;

Important: never hold a student face-down in a prone restraint. Not allowed by law and dangerous!

Did you know?

- Under Colorado law, school and district employees who act in good faith to comply with the safe school plan are immune from civil liability or criminal prosecution.

C.R.S. § 22-32-109.1(9).

- This includes a district's policies on restraint and physical intervention.
- If you intervene in a reasonable and appropriate way to prevent harm to students or staff, you have protection from being sued or prosecuted criminally.

- 1 CCR-301-45: Biggest

- Physical restraint: involuntarily limiting freedom of movement for one minute or more.

- This used to be five minutes. If you use a restraint lasting one

minute or more, notify the building leader because there are a number of important reporting requirements.
