

## Colorado Department of Education Public Educator Disciplinary Lookup

The Colorado Department of Education has an educator database history lookup that contains pertinent educator information, including educator disciplinary data.

Information regarding Board of Education actions can be found in [BoardDocs](#). If you are searching by year and know the month of a disciplinary action, this information is available on [BoardDocs](#) from the public board meetings. Once on that site, select the year and month you wish to search. Items on that site are listed by board meeting date and under “disciplinary proceedings.” Items are not sorted by date of offense, offense type or educator name.

If you know the name of the educators or you wish to pull a roster of educators, you can look them up from our public educator credential search [website](#) at <https://apps.colorado.gov/cde/licensing/Default.aspx>. Here is a quick guide to help you get started:

- Once you are on our website, scroll down and click on “Public Educator Lookup.”

- Then select “Download a Roster of Educators” at the very bottom of the screen.

[Public Lookup, Educator Credentials & Statistics](#)  
[Download a Roster of Educators](#)

- From this screen, you can select the “roster” of educators in which you would like to download. The next screen that opens will give you an option for several file types, including an Excel file that you can sort to find disciplinary actions regarding educators. Please note that the download may take a bit of time as some files can be large.

To generate a roster of public licensee and discipline information, check the box next to the credential type then click "Continue" at the bottom of the page. You may select multiple credential types.

The information contained in these rosters is public. Any additional information cannot be released without the consent of the educator as educator files are confidential. For more information, please visit the [Records Release Information](#) page of our website.

If you are looking for a public document pertaining to a disciplinary action taken against an educator, you must first run the roster and search for those with disciplinary actions and then return to the public lookup and search by that educator's name.

Select your data format and click the Download button.

The list below shows the rosters available for download.

Format	Roster Name	Status
<input checked="" type="radio"/> Excel (comma)		
<input type="radio"/> CSV (comma)	Download Administrator Licenses	Ready for Download
<input type="radio"/> Text (tab)		
<input checked="" type="radio"/> Excel (comma)		
<input type="radio"/> CSV (comma)	Download Administrator Licenses	Ready for Download
<input type="radio"/> Text (tab)		
<input checked="" type="radio"/> Excel (comma)		
<input type="radio"/> CSV (comma)	Download Teacher Licenses	Ready for Download
<input type="radio"/> Text (tab)		

- Once you have downloaded the Excel file, you can then access the educator credential search engine. This engine will allow you to look up individual educators. See below for detailed instructions.

- Then enter either the first and last name and/or the educator’s credential number that you are inquiring about. The example shown here is a random example and may or may not be directly related to your request. We do not categorize disciplinary items by type or date. They are listed by educator name and/or credential number only.

1. Enter Code:

- From the results page, you will see the name of the educator, the credential type, the credential number and the status. You can click “Detail” for more information regarding that particular credential. Any status shown in red font (denial, revocation, annulment and/or suspension) generally will have additional documentation (usually a PDF) that can be found from the details page. Please note, not all lines will contain viewable documentation so it is best to click them all. In this example, one disciplinary action annulled all licenses but the viewable documents are only on the details page for one of the “annulled” credentials. Again, it is best to click them all when a red status exists if more than 1 credential exists.

	Name	Credential	Credential Number	Status
<a href="#">Detail</a>	Jerald Dino Baca	Teacher	93594	ANNULLED by State Board
<a href="#">Detail</a>	Jerald Dino Baca	Teacher	356553	ANNULLED by State Board
<a href="#">Detail</a>	Jerald Dino Baca	Teacher	0262909V	ANNULLED by State Board
